

MORTON

Becomes Secretary of Navy

MOODY SUCCEEDS KNOX AND METCALF, CORTELYOU

Cabinet Changes are Announced by President Today.

TO TAKE EFFECT JULY FIRST.

The New Secretary of the Navy is a Son of the Late J. Sterling Morton.

Washington, June 24.—The following cabinet appointments are announced today: William M. Moody, of Massachusetts, attorney general; Paul Morton, of Illinois, secretary of the navy; Victor M. Metcalf, of California, secretary of commerce and labor. Resignations of Attorney General Knox and Secretary of Commerce and Labor Cortelyou have been accepted, to take effect July 1.

In one respect the appointment of Mr. Morton to be secretary of the navy is unique in the history of the Roosevelt administration. He had always been a regular Democrat until 1896, when he bolted the party. Only about two months ago he came out in an interview in which he announced his renunciation of Democratic principles and declared that hereafter he would be found in the ranks of the Republicans. Mr. Morton is the son of the late J. Sterling Morton, who was secretary of agriculture under President Cleveland's second administration. He was born in Detroit, May 22, 1857. His activities have been along the line of railroad enterprises. At present he holds the position of second vice president of the Atchison, Topeka and Santa Fe system.

Washington, June 24.—Paul Morton of Chicago, who was offered the position of secretary of the navy by President Roosevelt to succeed Secretary Moody, was in conference with the President for a long time on the subject at the White House. He remained until nearly 11 o'clock, when he left the White House for the railroad station, saying that he was going to New York.

ONLY WITNESS

To a Kentucky Killing Is Shot From Ambush and May Die—Breathitt County Tragedy.

Jackson, Ky., June 24.—Mack White was shot from ambush while working in his father's corn field yesterday and desperately wounded. White was the only eye-witness to the killing of Chad Salyer by Rob Chaney four months ago. Sheriff Ed Callahan has organized a posse of 25 men. Bloodhounds have been sent for, and every effort possible will be made to arrest the assassin.

Three of Jackson's most prominent physicians have been called to the young man's home for the purpose of performing a very difficult and dangerous operation as the last chance of saving his life.

Bob Little, the brother-in-law of the wounded man, was with him when he was shot, and says he recognized the man who did the shooting. He says he is afraid now to tell who it was, but he will tell at the trial.

INGOMAR WON

Kiel, June 24.—The Ingomar won her race from the three German yachts. Herr Ballins Hamburg finished second.

The Kaiser's yacht Meteor lost her topmast and was towed to the harbor, while the Empress yacht India again won the race.

FIRE

At St. Louis Fair Ground Today Did \$50,000 Damage.

St. Louis, Mo., June 24.—Fire today consumed the house of Hoo Hoo, at the World's Fair. The loss is total. So quickly did the flames spread after the fire started that the occupants of the buildings, five in number, all on the second floor, had difficulty escaping with their lives, being compelled to climb down a tree to the ground. The loss on the building and contents is estimated at \$50,000, on which there is an insurance of \$20,000. In addition there is a loss of \$8,000 to the Union Baking company, which had a catering concession in the building. Nothing is known positively as to the origin of the fire, which is supposed to have started from an electric light wire, the insulation of which had become worn.

ODELL

Who Opposed Fairbanks' Nomination, Left the Convention Hall Before the Indianian Was Chosen.

Chicago, June 24.—Frustrated in his final campaign to block the selection of Charles W. Fairbanks for the vice presidential nomination, Governor Odell left the convention hall a half hour before the Hoosier senator's name was formally presented, and caught the first St. Louis train.

Odell's departure from the hall before Fairbanks' nomination was made was severely criticised by Governor Durbin and other Indiana leaders. Prior to starting for St. Louis, however, Governor Odell offered this explanation: "I had made my arrangements to leave for St. Louis at a certain hour. There was nothing more for me to do, so I went. It is my present intention to devote the next week to an inspection of the St. Louis Exposition. Our New York State building is to be dedicated on Saturday. I shall speak then."

The hurried exit of New York's governor at a time when the name of the candidate he had fought was to be presented recalled a similar incident in Minneapolis in 1892, in which Senator Platt was the principal offender. Almost heart-broken over his failure to secure the presidential nomination for James G. Blaine, and enraged that his old-time enemy, Whitelaw Reid, was to be the candidate for vice president, Platt refused to participate longer in the convention proceedings. Despite the solicitations of his friends, the senator would not remain in the convention hall during the speeches placing Whitelaw Reid in nomination, but got aboard the earliest New York bound train.

Harrison and Reid were beaten in the nation very badly, and lost New York state by over 45,000 plurality.

SULLY HEARING.

New York, June 24.—When the examination of Daniel J. Sully of the suspended firm of D. J. Sully & Co., in bankruptcy proceedings was continued it was brought out that a mortgage of \$82,000 on the house at No. 6 East Sixty-second street, the property which he refuses to turn over to the receivers on the ground that it belongs to his wife.

He said in a previous examination that he gave it to her as a Christmas present.

It was also learned that he paid the insurance premiums, but that Mrs. Sully controlled the household expenses. An automobile he bought in London for \$5,500, he said he had given to his daughters. A bill of \$6,800 for furs was for his wife and daughters. The hearing was adjourned to July 11.

Zanesville—Ruth, 2-year-old daughter of Geo. Nosker, was probably fatally burned by upsetting a pot of coffee. A peculiarity of the accident is that the little child lived within a block of the home of Mrs. Samuel Johns whose little daughter was severely burned and died from the result of the burns some five months ago.

By Jumping from Window on the Eleventh Story

Detroit, Mich., June 24.—(Bulletin)—Maddened by a hopeless love, Jas. Swayze, a widely known business man, aged 53, and married, today shot Miss Effie Alvord, a pretty 10 year old clerk. The shooting occurred on the eleventh floor of the Chamber of Commerce building. When the girl refused to elope with him, Swayze shot her twice, and her wounds are thought to be fatal. He then jumped from a window and fell eleven stories and was dashed to death in full view of hundreds. Wm. Perry, her accepted lover, was at hand and took the girl to a hospital.

CORTELYOU

BECOMES CHAIRMAN OF THE NEW NATIONAL COMMITTEE.

Tells Members He Will Accept Dictation From Nobody—Resigns From the Roosevelt Cabinet.

Chicago, June 24.—George B. Cortelyou was chosen chairman of the Republican national committee at a meeting held late yesterday afternoon. In thanking the committee for the honor he told the members that while he would be glad to have the benefit of their advice and counsel he intended to be chairman in fact, and would accept no dictation from any one high or low. He told them that the friends of the late chairman, Mr. Hanna, were his friends and he asked for the same measure of confidence and support that had been given to the last chairman. In conclusion he sought the advice of both old and new members.

Mr. Cortelyou made no formal statement of his plans. He resigned as secretary of commerce and labor as soon as he was elected chairman, the resignation to take effect as soon as his successor qualifies, which will be about July 1.

A soon as the committee was called to order, Postmaster General Payne, in a complimentary speech, nominated Mr. Cortelyou for chairman and the election was without a dissenting voice. Elmer Dyer, of Ohio, was named for secretary; Cornelius N. Bliss, of New York, for treasurer, and Wm. E. Stone, of Maryland, for sergeant-at-arms, all of these officers were unanimously re-elected.

George P. Waldorf is the Ohio member of the committee appointed by the convention to notify President Roosevelt of his nomination by the convention. Speaker Cannon will be the one on behalf of the committee to formally notify President Roosevelt at Oyster Bay, L. I., July 27.

THOUSAND

Dead as Result of Disaster—Over 900 Bodies Found.

New York, June 24.—The total number of bodies of victims of the Slocum disaster so far recovered is now 908. There remain 40 unburied and unidentified corpses. The work of pumping out the hulk of the Slocum will be completed today and a search made for more bodies.

New York, June 24.—Twenty-four additional bodies of victims of the General Slocum have been recovered, bringing the total number of known dead up to 907. One hundred policemen who have been making a canvass of all districts where persons were reported to be missing, concluded their work last night. Inspector Schmittberger, who was in charge of the canvass, estimated the total number of dead, including the missing, at about 1,000. He said that the police in many instances, found at their homes persons who have been officially missing since the day the steamer was burned. In one case, a man, his wife, and two children, whose names had appeared in all the published lists of missing were found at their homes. They had not been on the excursion at all and the elders were not even aware that they had been reported missing. Several of those reported missing were found at the hospital and other places.

FRIGHTENED

TO DEATH IS A HORSE OWNED BY W. W. RUGG.

Animal Scared at Passing Pan Handle Locomotive, Reared and Fell, Dying Instantly.

A peculiar case of a horse literally dropping dead from fright occurred in this city about 11 o'clock Friday morning. Charles Green, the well-known bill poster, hitched a horse belonging to W. W. Rugg, manager of the Newark bill boards, in front of Gus Kern's saloon, corner of South Second and Railroad streets, and went away, leaving the horse hitched there while he posted some bills. In a short time a Pan Handle passenger train came along, passing close to the horse and blowing off steam vigorously. By-standers say that the horse was badly frightened, and, rearing up on his hind legs, fell over and almost instantly expired.

SUIT

Brought by De Freyne Against Irish Leaders is Settled.

Dublin, June 24.—The rumor that the action brought against John Redmond and other Irish leaders by Lord De Freyne and the landlords' combination, for alleged conspiracy, has been settled, is confirmed. The terms of settlement were that all the parties concerned pay their own costs.

The action is one of long standing.

In June, 1902, Lord De Freyne first brought his action, which was against John Redmond, John Dillon, Michael Davitt and other prominent Nationalists.

He obtained a writ against the Irishmen on a charge of conspiracy in connection with tenant troubles on the De Freyne estates in Roscommon county.

He asked for damages, but did not persist in his suit. He then dropped the action, but six months later resumed it, backed by other landlords.

The suit was more of a test case than anything else. It has been dragging along ever since.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case:

"DEAR MRS. PINKHAM:—For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhœa, bearing-down pains, backache, headache, dizzy and fainting spells, and stomach trouble.

"I doctored for about five years but did not seem to improve. I began the use of your medicine, and have taken seven bottles of Lydia E. Pinkham's Vegetable Compound, three of Blood Purifier, and also used the Sanative Wash and Liver Pills, and am now enjoying good health, and have gained in flesh.

I thank you very much for what you have done for me, and heartily recommend your medicine to all suffering women."—MISS EMMA SNYDER, 218 East Center St., Marion, Ohio.

FREE MEDICAL ADVICE TO WOMEN.

Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the right road to recovery.

Mrs. Pinkham never violates the confidence thus entrusted to her, and although she publishes thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

A number of leading Democratic newspapers are depreciating the speech of Mr. Bryan at New York, on Monday evening, in which he bitterly attacked Judge Parker. Among the papers are the New York World, Chicago Chronicle, Louisville Courier-Journal, and Pittsburgh Post. They claim in their comments that Mr. Bryan's tirade has disgusted instead of convinced many Democrats, and hence has really done Judge Parker's cause more good than injury. The New York World comments as follows:

"Mr. Bryan's speech to the heterogeneous assemblage in Cooper Union answered the World's question of Monday as to why the twice-defeated candidate came to New York at this juncture. His abuse of Judge Parker, ex-President Cleveland and every other Democrat whose sanity and safety date, explains the sour milk in the Bryan cocoanut. He is bound that no other Democrat shall succeed where he failed. He would either rule or ruin. Four years ago Mr. Bryan ruled and ruined. He certainly will not rule this year. The indications multiply that he will not have the power to ruin."

Mr. Roosevelt has direct telegraphic connection with the Chicago convention. This afforded him ample opportunity to dictate all that he wanted carried out.

The Republican Platform.

(Pittsburg Post.)

The Republican National Convention yesterday adopted a platform, one half of which is devoted to a recital of the alleged achievements of the party, while half of the remainder of it is taken up with an endeavor to bolster up the record of President Roosevelt. Only scant space is given to the declaration of principles upon which the party proposes to make its fight in this campaign, and most of the utterances are enigmatical or meaningless.

Upon the tariff question the stand-patters won out completely. Protection-

tion is to be maintained with the same scale of duties now prevailing, except "only when conditions have so changed that the public interest demands their alteration," which work, it is asserted, "cannot safely be entrusted to any other hands than those of the Republican party." This means that if the Republican National ticket is elected next November there will be practically no change in the existing duties, and that the American consumer will continue in many instances to pay exorbitant prices for goods which are sold to outside customers for much less. Upon reciprocity the platform's utterance also means a continuance of the present stand-pat policy, and offers no hope of relief to the American consumer or producer.

In the matter of building up our merchant marine the convention avoided a specific declaration by endorsing the action of the last Congress in providing for a commission to investigate the subject. Upon the great subject of the control of the trusts the convention made the following weak and puerile deliverance: "Combinations of capital and of labor are the results of the economic movement of the age, but neither must be permitted to infringe upon the rights and interests of the people. Such combinations, when lawfully formed for lawful purposes, are alike entitled to the protection of the laws, but both are subject to the laws and neither can be permitted to break them."

Nowhere is there any pledge for the further enforcement of existing laws on the subject, or the enactment of additional legislation. The declaration is one that cannot fail to be most agreeable to the great trust magnates, as assuring them that they have nothing more to fear from the Republican party in the event of its success this fall. Taken as a whole the platform is one of the weakest that has ever been put forth by a great National party. It promises no step forward in any direction. It simply means that the Republican party is content to stand pat where it is today, which policy, if carried into effect, would result in the country retrograding. Already there are abundant signs of discontent among many Republicans with the existing situation of affairs, and these will find nothing to encourage them in the platform of principles by which it is proposed their party and the Nation shall be governed during the next four years.

JUDGE PARKER'S OPINIONS

(New York World.)

In his speech in this city Mr. Bryan renewed his attack upon Judge Parker as a man whose opinions are unknown. "Where does he stand on the trust question?" asked the speaker. But Judge Parker holds tenaciously to his different view of the proprieties of his office, and even those who dissent from it must respect the courage and independence of character which led him to imperil a nomination for the Presidency rather than to seem to seek it by departing from a fixed principle of judicial conduct.

Mr. Bryan used to be credited with honesty and candor in his public speeches. As he has degenerated into a stoutness which seems to have abandoned the people of New York know, and as Mr. Bryan evidently reads the World carefully he must know, that in 1856, sitting as a trial Justice in the Supreme court in this city, Judge Parker decided that "the law assumes that any attempt by a combination of persons who get together to fix prices so that the community is compelled to pay more than they otherwise would pay is detrimental to trade and to the public interests," and he added that "the fact that the price may be reasonable or unreasonable does not affect the rule."

This opinion, in the judgment of sensible men, outweighs a dozen of Mr. Bryan's speeches simply fulminating against monopolies.

The World has printed many extracts from Judge Parker's opinions and addresses giving his views on

BICYCLE RACE MEET

With Crack Riders of America to be Held Here July 22—Program to Include Motor Races—The Prize List Will be a Valuable One.

Newark is to have a bicycle race meet, old fashioned in its interesting features, but entirely up-to-date in every respect. The Newark Cycle Trades Association, which includes in its membership practically every bicycle dealer in the city, was recently formed and one of its objects is to promote this race meet. The date that has been chosen is Friday afternoon, July 22, and arrangements were made in Thursday night with the management of Idlewilde Park to pull off the event on the half mile track at the old fort.

The best riders in America will be

Chas. Hunton of Columbus; Charles Matthes of Mansfield, Rev. F. W. E. Peschau of Miamisburg.

The National convention will meet in Buffalo on August 15, next, Ohio having 10 ministerial and 10 lay delegates. Rev. J. C. Schindel is one of the former and Prof. F. H. Utman also of Newark, one of the latter.

The executive committee decided Thursday night upon Toledo as the next place of meeting about this time next summer.

The principal address at Thursday evening's session was on "The Augsburg Confession as a Basis of Church Unity," by Rev. F. W. E. Peschau of Miamisburg. It was one of the most learned and thoroughly interesting addresses ever delivered before an ecclesiastical body in Ohio, and the speaker was the recipient of hearty congratulations on his effort.

Miss Elsie Hirshberg delighted the audience by singing a beautiful solo, as did Mr. Walter Bentley Ball.

Rev. Luther M. Kuhns of Omaha, Neb., general secretary of the Luther League of America, also spoke, and devotional exercises were conducted by Rev. A. H. Smith of Springfield.

There were 173 delegates from out of the city, who were registered in attendance and the Ninth convention will live in history as one of the most successful ever held by the Ohio Luther League.

The election of Rev. Mr. Schindel as president of the Ohio League is a compliment worthily bestowed. Mr. Schindel has done much for his denomination in Newark and throughout the state and the growth of St. Paul's.

More than seven hundred years before Christ Isaiah used the garden and its buds and blossoms as types of righteousness and joy, gladness and praise. "Consider the lilies of the field" has through the ages since Christ uttered the words been a balm and an inspiration to many a life. A few years before Jennie Cassiday had been a happy hearted girl, but an accident compelled her to spend the remainder of her life a "shut-in." In spite of intense suffering, her soul was filled with a desire to help others. Mt. Vernon, O., June 24.—The wedding of Miss Belinda Miles Bogardus, daughter of William P. Bogardus, and Mr. William Thomas Black took place in the First Presbyterian church in this city at 8:30 o'clock Wednesday evening in the presence of several hundred guests. The church was beautifully decorated in green and white. Mr. C. G. Conley, formerly of Newark, was best man.

Mr. and Mrs. Black departed at midnight on a wedding trip. After August they will be at home in Fairmont, W. Va., where Mr. Black is engaged with his father, Mr. J. Morton Black, in the manufacture of wall plaster. Until recently the groom was a valued employee in the office of the C. & G. Cooper company, where he occupied a position for several years. He is well known in Granville, where he formerly attended college.

Among the out-of-town guests who were present at the wedding and reception were: Mrs. J. M. Black, of Fairmont, W. Va., mother of the groom; the Misses McMullen and Hamilton, of Brownsville, O., and Mrs. Mary Hamilton, of Brownsville. The latter is the venerable grandmother of the groom.

DR. SHEPARDSON

Resigns as Secretary to President Harper, Receiving Promotion at Chicago University.

Dr. Francis W. Shepardson, formerly of Granville, has resigned his position as secretary to the president of the University of Chicago, which place he has held for seven years. He has been promoted to be the dean of the senior colleges, and, in connection with his teaching as associate professor of American history, will have supervision of the work of all students in the last two years of the college course. Denison university is well represented in the administration of the University of Chicago. William B. Owen, '87, is dean of the University High school, a preparatory school in close connection with the university. Frank J. Miller, '79, is examiner of secondary schools, having supervision of the admission to the university of all students who come from high schools whose certificates admit without examination. Clarence E. Castle, '80, is one of the deans in the junior colleges, thus being adviser to the freshmen and sophomores. Now Dr. Shepardson, '82, is given charge of the juniors and sophomores. Thus from "probem" to graduation day students are advised by Denison graduates. They can't enter the university without the "O. K." of one Denisonian and they can't graduate without the "O. K." of another.—Granville Times.

AMUSEMENTS

A good sized audience was drawn to Idlewilde Casino Thursday evening to witness the initial performance of "Moths," a four-act dramatization of Ouida's famous society story.

Much had been promised of this production by Mr. Kusell's company, and these promises were fully redeemed by the performance on Thursday night. It was in almost every respect an artistic production and the verdict of a! who witnessed it was that it was one of the best that has ever been seen at the park. Mr. Richard Stiles as the cruel and licentious husband, Miss Frances J. Dowling as the shameless courtesan, Ben Howe, Clyde Franklin, Fred Miller, Nini Flaisey and the other members of the company did all that was required of them in a most satisfactory manner. The two Aliens, Frank and Marie, as Patch and Lady Dolly, also deserve mention.

Miss Agnes Bruce acquitted herself in a manner that must have been highly satisfactory to the audience, judging from the applause her work received.

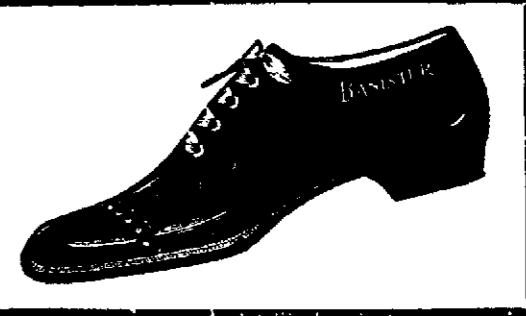

"Moths" will be repeated the balance of the week, with a Saturday matinee.

The orchestra, under Mr. Charles Smith's direction, rendered several fine overtures and selections during the evening.

A day or two ago a record of the number of calls received in the Newark independent Telephone exchange between the hours of 6 a. m. and 6 p. m. was kept by Manager Holland. In that time over ten thousand calls were answered by the operators. The number of subscribers is 1625.

The Ohio Luther League which has just concluded a profitable and enjoyable session in Newark, honored the Rev. J. C. Schindel by electing him president of the state league. As the office came without solicitation it is indeed a compliment to the popular and energetic pastor of St. Paul's church.

Chas. Warren Fairbanks, senator from Indiana, who was nominated for the vice-presidency by the Republicans, was born near Union Center, Ohio, May 31, 1832. He was graduated from Ohio Wesleyan University, Delaware, in 1872. In 1897 he was elected Senator. Mr. Roosevelt was born in Newark, Oct. 27, 1858.

Newark is to have a big bicycle race meet on July 22 at Idlewilde Park and a feature of the affair will be motor cycle races. Remember the date, as the program will be worth while.

The convention at Chicago which nominated Roosevelt and Fairbanks was the thirteenth meeting of the Republican party in National convention. President Roosevelt was nominated at Thirteen minutes after one o'clock, and that hour is the Thirteenth of the day. Somebody called the attention of the convention to this fact and announcement was quickly made that Mr. Roosevelt had been named at twelve minutes after one, instead of thirteen.

Zanesville, O., June 24.—The national Beta Phi convention adjourned last night to meet next year at Mt. Vernon, O., that city's delegates winning after a brisk fight with the chapter of Wheeling, which had many loyal supporters.

The two sessions were devoted to routine business, this being the first convention ever held, it required all of the time to get things started off right.

The closing feature of the convention took place at the Clarendon hotel dining room, when a banquet was served, covers being laid for 50 guests.

At the last business session the following officers were elected:

President, Floyd Olds, Ann Arbor, Mich.; vice president, Edward Wilson, Zanesville; secretary, George Upson, Newark; recording secretary, Albert Evans, Zanesville; corresponding secretary, Charles Dennison, Delaware; treasurer, Tom Bogardus, Mt. Vernon; editor The Demon, George Herbrook, Wheeling.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down, he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair. Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

BELL TELEPHONE COMPANY ASKS FOR FRANCHISE

To Build Exchange at Croton—Mrs. Nellie Beaver Wants a Divorce—Day's Court News.

The Central Union Telephone company, by its attorney, E. F. McDonald, has commenced suit in the probate court against the village of Hartford. The plaintiff says that on June 8, 1904, it made application to the council of Hartford for permission to construct its lines and set its poles in the streets and alleys of that village, which was accompanied by an ordinance providing for the mode and manner of locating all its wires and poles.

The petitioner says that the council of Hartford, at a meeting held on June 16, 1904, refused to grant the application or adopt the ordinance, and that the council refused to grant any terms upon which the petitioner might enter the streets, alleys and public ways of the village and operate its lines of telephone, and that the petitioner and the municipal authorities of the village have wholly failed to agree in the matter of said application, and they cannot agree as to the mode said telephone or lines shall be constructed along the streets, alleys and public ways of the village.

The petitioner therefore asks the court for an order directing in what manner the company's line or lines shall be constructed.

Beaver Divorce Suit.

Nellie Beaver, by her attorneys, Smythe & Smythe, has filed a petition in that probate court, asking for a decree of divorce from her husband, Charles Beaver. The parties were married October 24, 1903.

For cause of action the plaintiff charges the defendant with abandoning her and leaving for parts unknown. She also charges her husband with being an habitual drunkard, which was not known to her before their marriage. She also says that since their marriage her husband has totally neglected to provide her with any of the necessities of life, and that he frequently falsely accused her of being unfaithful to him. The defendant is also charged with infidelity.

SHUT OUT

SUFFERED BY NEWARK TEAM AT COSHOCTON.

Result Due to Farrell's Good Work in Box, Aided by the Umpire, Mr. Manager Prince.

Coshocton, O., June 24.—The Idlewild baseball team suffered a shut-out Thursday at the hands of the Coshocton team with Farrell in the box, aided by the fierce work of Manager Prince of the home team who acted as umpire. It is only fair to the visitors to say that Prince's work, especially on balls and strikes, was of the worst and was enough to take the heart out of Stone. The Newark pitcher however, stuck manfully to his task and pitched his usual good game. He also made two of Newark's four hits, one of them being a long drive over the fence, which was fairly a home run but "Umps" Prince decided it was a two-base hit. Two of Coshocton's hits were home runs. Outside of the bad deal given the visitors by the umpire they have enjoyed their stay in Coshocton. Thursday's is the ninth straight victory for the home team and the town is baseball crazy. The Newark players by their gentlemanly behavior and good playing have become great favorites here. Thursday's score: Coshocton 2 0 0 1 1 0 0 0 *—1 Idlewild 0 0 0 0 0 0 0 0 0 —0 Batteries—Farrel and Matteson; Stone and Snodgrass; hits—Coshocton 7, Newark 4; errors—Coshocton 1, Newark 1.

GAUNDER

Clothed With Power to Take Drastic Action in Case a Club Should Kick Over Traces.

Columbus, O., June 24.—President Gaunder, of the Protective Association of Independent Baseball clubs, has been clothed with power to take drastic action in case a club of the organization should kick over the traces.

This work was perhaps the most important accomplished at this meeting, held at the Great Southern.

Managers from the eastern section of the association got together and made up a schedule for the balance of the season. Managers of the west did not get along so well and the task will be finished up by a committee.

There was a rumor going to the effect that this fall would see the organization of an Ohio State league, to work under the national agreement.

President Gaunder throws cold water on the yarn. He says: "None of our managers want protection. That would mean that stars would be driven from several clubs."

"However, we do want to get all the independent managers of the East and middle West to agree to work under an agreement of their own. Respect for each other's contracts would fill the bill."
